

Md. Refayatul Islam

Detail-oriented QA Engineer specializing in manual testing, API validation, and defect management

[+8801518941350](tel:+8801518941350) | refayatul7@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SKILLS

Testing & QA: API Testing (Postman), Manual Testing (Smoke, Sanity, Regression, Integration), Defect Management (JIRA), SDLC/STLC, Test Case Development, Edge-Case Analysis

Automation/Code: Java (JUnit), Python (PyTest), JavaScript, SQL, HTML/CSS

Databases & Tools: SQL (MySQL, PostgreSQL), Firebase, Supabase, Git/GitHub, Linux

Practices: Agile/Scrum Methodologies, RESTful & SOAP APIs, CI/CD workflows

Languages: English (Fluent Professional - US Collaboration ready), Bangla (Native)

EXPERIENCE

Software Developer & QA (Industrial Attachment)

July 2025 – Aug 2025

Dynamic Solution Innovators (DSi) | Java, Spring Boot, PostgreSQL

Dhaka | [GitHub](#)

- Led manual testing (smoke, sanity, and regression) prior to the release of **ClubHub**; actively identified, documented, and tracked defects using **JIRA** to ensure stable delivery.
- Designed and executed API test cases using **Postman**, verifying RESTful endpoints, data integrity, and error-handling responses for customized event feeds.
- Collaborated directly with developers in an Agile environment to debug and resolve integration issues, utilizing Java and JUnit for backend validation.

Platform Maintainer & QA Lead

Sep 2024 – Present

BUPBlood (Live Donor Management System) | Python, Flask, Supabase

Live | [GitHub](#)

- Maintain and test a live enterprise-style CRM system serving 500+ users; manually review and validate complex user workflows (registration, approval pipelines, data filtering).
- Perform rigorous exploratory and compatibility testing across web and mobile platforms for every release, effectively acting as the sole QA to prevent production bugs.
- Developed test strategies for pattern-based data validation (detecting malformed emails and IDs) and debugged root causes using Python.

Web Developer & Tester

2023 – July 2026

Bup CSE Hub | JavaScript, PWA, HTML, CSS

Live | [GitHub](#)

- Built and thoroughly tested a Progressive Web App (PWA), conducting cross-device compatibility and UI/UX testing to ensure reliable performance across all student devices.
- Managed a feature-request and bug-reporting system, prioritizing fixes based on user impact.

PROJECTS

Landlister (Real Estate Platform) | API Testing, Node.js, Express, JWT

[GitHub](#)

- Created and executed comprehensive test cases for a multi-user marketplace, focusing on authentication (JWT) and authorization workflows.
- Utilized **Postman** extensively to validate API security, simulate bulk-listing requests, and test the scam-reporting/banning algorithms for edge-case failures.

DiaBite (Healthcare App Integration) | Integration Testing, Kotlin, Firebase

[GitHub](#)

- Conducted strict data validation testing on external AI APIs, ensuring the app provided graceful fallbacks and error messages when third-party data was missing or malformed.
- Tested complex state management and offline database syncing (Room to Firebase) to guarantee data persistence during network interruptions.

Zen52 (Productivity Timer) | Functional Testing, JavaScript, Supabase

[GitHub](#) | [Live](#)

- Performed end-to-end (E2E) functional testing on session tracking, ensuring backend database updates synchronized perfectly with frontend timer states and daily goal trackers.

ACHIEVEMENTS & CERTIFICATIONS

Certifications: Java Programming 1 (University of Helsinki / MOOC.fi) – August 2026

ICPC Asia Dhaka Regional Contest Preliminary 2025: Secured **37th position** in Bangladesh (member, BUP Computer Programming Club).

EDUCATION

B.Sc. in Computer Science & Engineering (CGPA: 3.72)

July 2022 – July 2026

Bangladesh University of Professionals (BUP)

Dhaka, Bangladesh

Relevant Coursework: Software Engineering, Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming, Human-Computer Interaction, Computer Networks

Higher Secondary Certificate

2019 – 2021

Chuadanga Government College

Chuadanga, Bangladesh
